Village Hall Update

Phase 1 of the Ladies toilet refurbishment will begin on the 26th May 2025.

Phase 2, the men's, will follow, once Phase 1 completed. Date TBA.

Children's Playground requires total replacement. Awaiting further quotes. Work to commence 2026. In the interim, Village Hall Trustees (VHT) are arranging for a volunteer group to carry out general tidying up and improvements within the next 3 months.

A permanent NO PARKING sign will be sourced by the VH for the allotment entrance.

The VHT will be erecting signs around the play and green areas at the VH regarding the "dog poop" issue, hopefully this will remind owners to pick up after their dogs and dispose of it responsibly.

Fund raising continues for VH improvement projects, through events, grant applications and approaching larger companies for donations.

The next event is a Comedy Night on Friday 16th May, Tickets are almost sold out.
